PRESS RELEASE—FOR IMMEDIATE RELEASE

Pets are family members, too. That is why the Berman family has donated \$100,000 to Peggy Adams Animal Rescue League of Palm Beach, Florida for the Berman Memorial Pet Gardens. The Berman family gave this donation as a special way to share the memory of their son, Dr. Sidney Berman, and his love for animals.

Seeking an appropriate source of dignified plaques for pet owners to use on the columbarium niches, Peggy Adams Animal Rescue League turned to McKenzie Associates and their Pet Praise Memorial Division to design and supply a product. This project has been successfully completed and McKenzie Associates is now providing personalized pet memorials and plaques for the pet niches in the new Berman Memorial Pet Gardens. The plaques, which each have the Peggy Adams Animal Rescue League paw print logo, have space for the pet's name, a personalized pet memorial tribute line, and dates of birth and death. The memorialization line is an excellent way for the pets' families to recognize the ties that bind them to their animal companions.

This project is one example of McKenzie Associates dedication to serve the animal companion rescue and humane societies throughout the U.S. McKenzie Associates is a national wholesale and on-line retail provider of pet cremation urns and other pet memorial products through their Pet Praise Memorials Division at www.petpraisememorials.com. Most of the pet urns and memorial products are designed and produced exclusively for McKenzie Associates distribution in the U.S. McKenzie Associates also provides wholesale products for the human funeral industry at www.mckenzieassociates.net. For further information call McKenzie Associates toll free at 1-866-513-URNS (8767).
